Project Summary: *(In 200 words or less, please describe the main purpose, objectives and components of the project. This section should provide a concise and clear summary of the Project. Reading for scoring will stop at 200 words)*

Problem Statement: (Clearly state in 150 words or less the specific problem the project seeks to address. This can be written in any format – paragraphs or bullets. Only state the **PROBLEM**, not what you are going to do in the project. Identify the root cause(s) of the problem, the effect(s) it is (they are) having on the community or the environment/children. Finally, explain what would be the likely consequences of not addressing it/them.).

Objectives: (List the *primary objectives* of the project that address the problem stated. Also list associated activities and indicators that will prove your activities have been completed successfully. Please do not list more than four objectives. You may however have more than one activity associated with each objective. Objectives must be **Specific, Measurable, Achievable, Realistic & Time bound**. They must be measurable and appropriate for monitoring and evaluation during and at the end of the Project.
